AARTI DRUGS LIMITED

Q1FY22 Investor Presentation

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Aarti Drugs Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

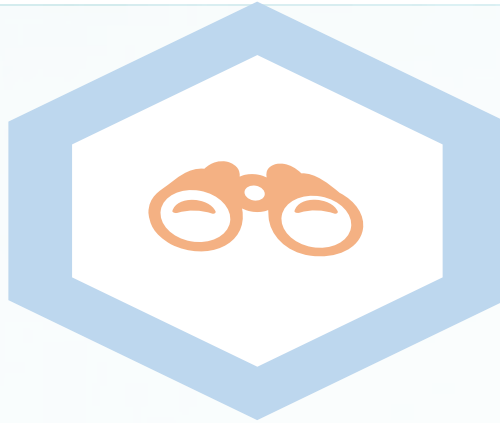

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Company Overview

Vision

We shall become the first-choice vendor of Bulk Drugs and achieve a leadership position by:

- Assuring consistent quality and timely delivery at competitive price
- Providing customized solutions and service to meet changing requirements of customers
- Aim at customer orientation through continuous technology upgrade, high business ethics and new product development
- Adopt processes supported by proven technologies, which are cost effective and safe
- Choose the best and the most flexible manufacturing practices and methods

Mission

- Seek global market leadership
- Focus on growth and development of the product
- Continue to create winning culture, operating in highest standards of ethics and values with co-operation among competitors
- Strive for excellence in customer service, quality and R&D

Experienced management with deep understanding of pharmaceutical sector

Mr. Prakash M. Patil
Chairman, MD & CEO

Shri Prakash M. Patil is Chairman, Managing Director and Chief Executive officer (CEO) of the Company and has been associated since inception of the Company's operations. He holds a degree of B.E. – Chemical from Institute of Chemical Technology (ICT) [formerly known as University Department of Chemical Technology]. He has more than 40 years of experience in the field of Chemical & Pharmaceutical Industry. He has expertise in Product Identification, Project Conceptualisation, Planning, Project Engineering & Implementation. His technical experience has helped the Company to emerge as one of the leading Pharmaceutical Company in the country.

Mr. Rashesh C. Gogri
Managing Director

Shri Rashesh C. Gogri has been appointed as Managing Director of the Company with effect from 26th September, 2014. He was the Whole-time Director of the Company since October, 2012. He holds a Production Engineering degree from Mumbai University. He has more than 16 years of experience in field of production, marketing and project implementation in chemical industry. He also serves as Vice – Chairman & Managing Director of Aarti Industries Limited.

Mr. Harshit M. Savla
Joint Managing Director

Shri Harshit M. Savla is Joint Managing Director of the Company. He is a Commerce Graduate having more than 30 years of experience in Finance, Export and Administration. He played crucial role in expanding the export market for the products of the Company.

Mr. Harit P. Shah
Whole Time Director

Shri Harit P. Shah is a Whole-time Director of the Company. He is a Commerce Graduate and has experience of over 25 years in handling commercial functions encompassing Purchases, Local Sales and Exports.

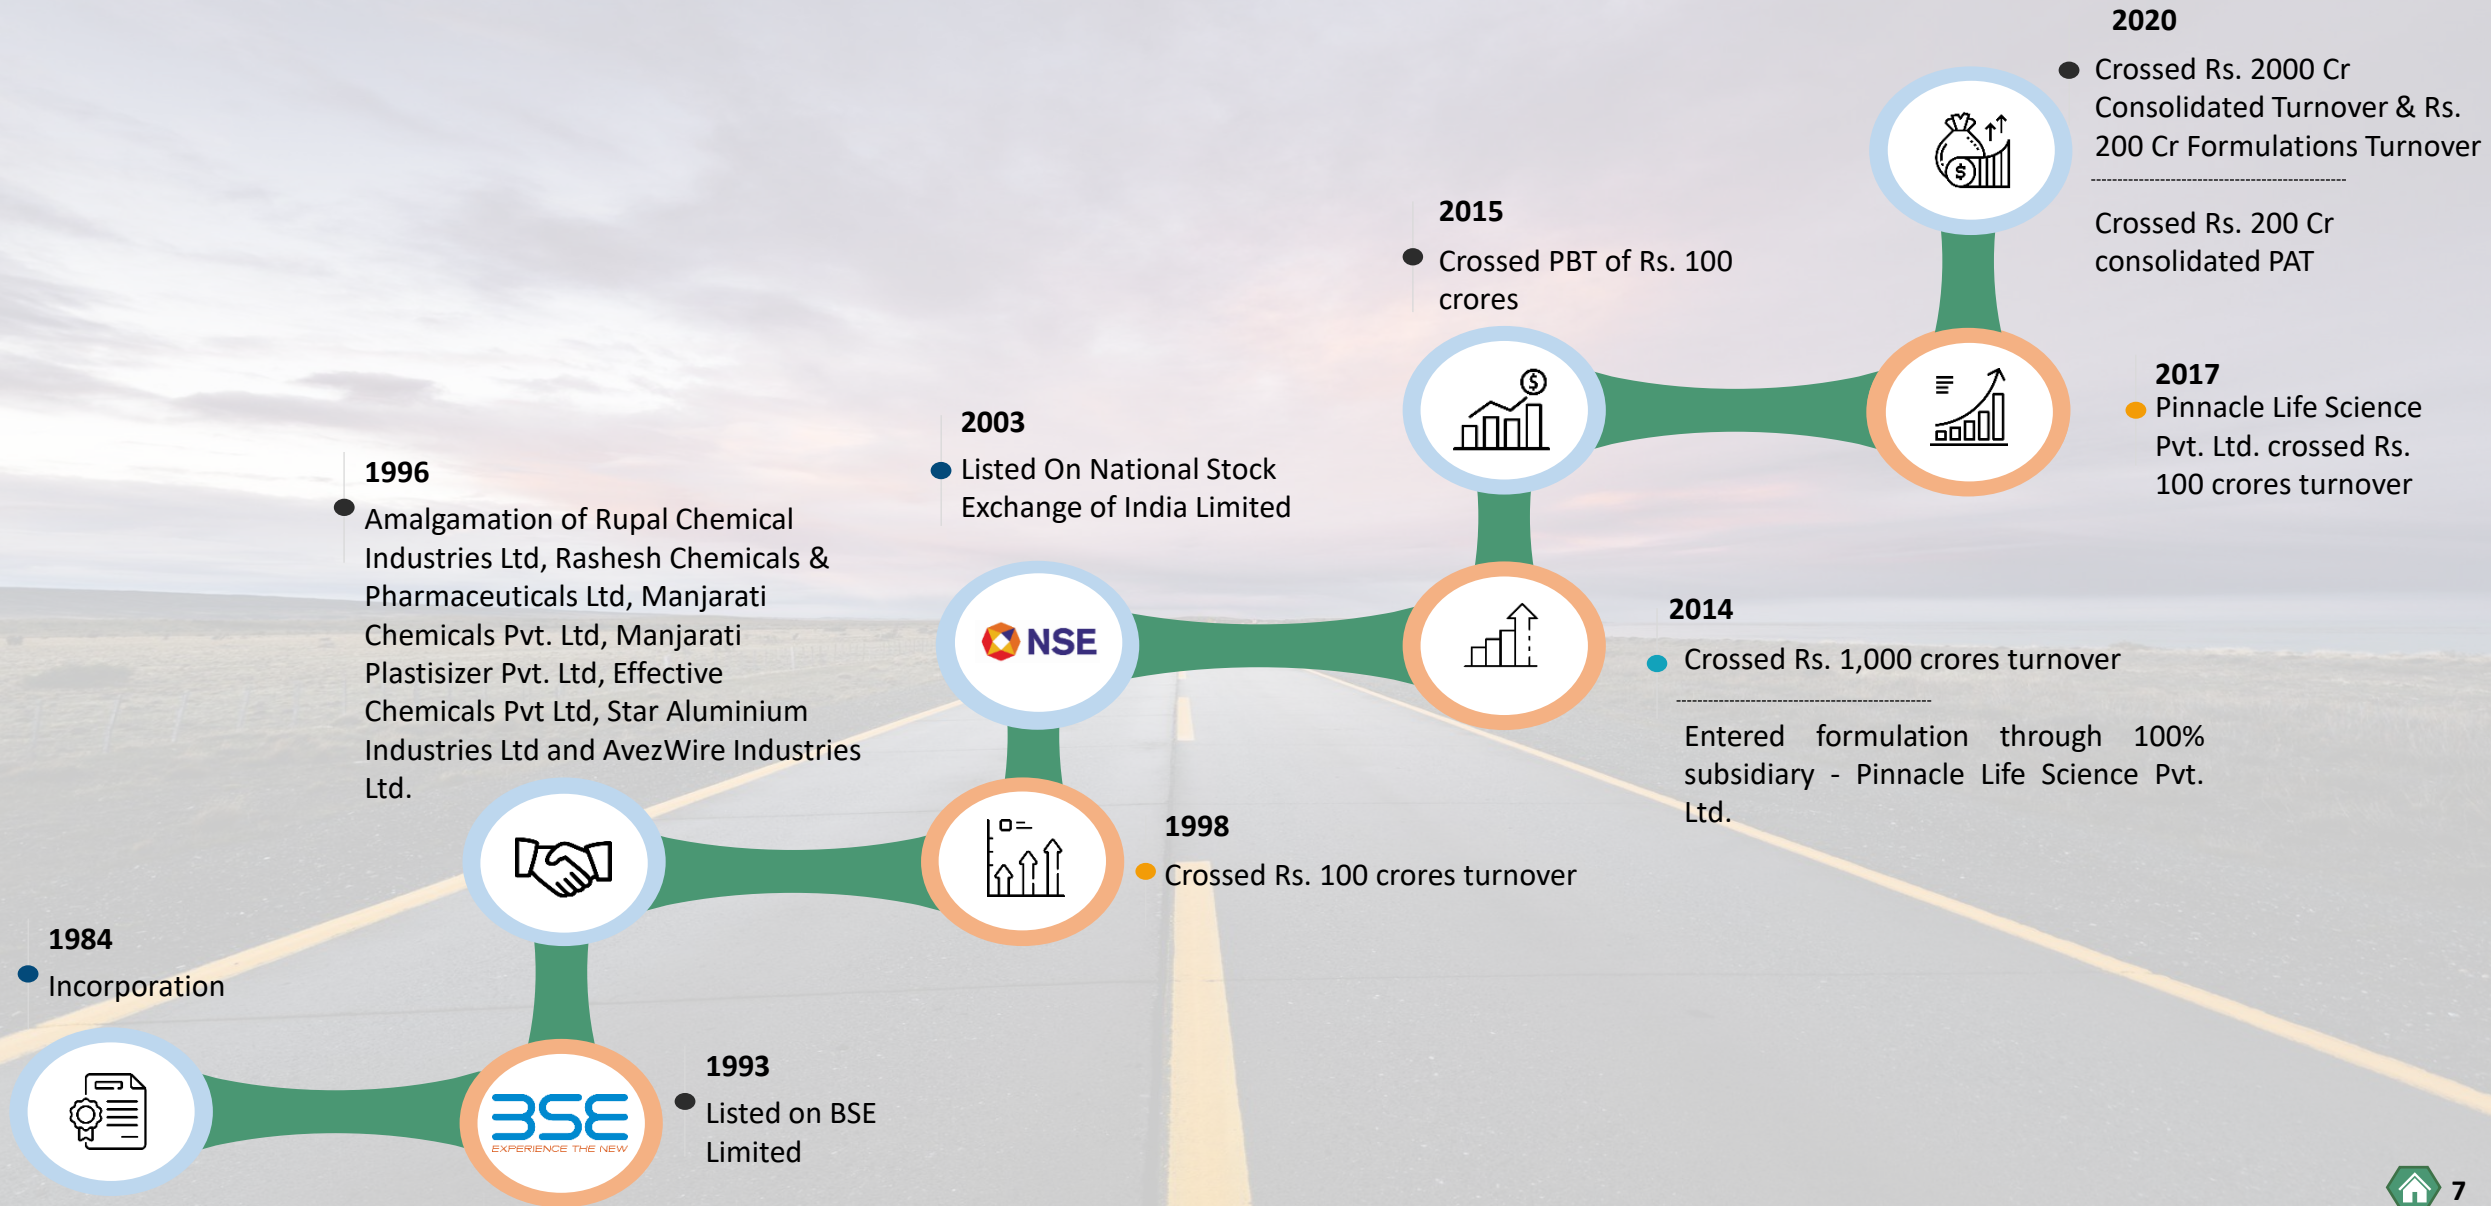

Mr. Adhish P. Patil
Chief Financial Officer

Shri Adhish P. Patil has experience of over 16 years in the field of finance, consulting, systems engineering and Information Technology. Bachelor of Engineering (IT) from Mumbai University. He is an MBA - Finance & Marketing from University of Florida, Warrington College of Business Administration. He is the winner of prestigious 'Top 100 CFOs India 2014' award.

Key Milestones

12 Manufacturing Facilities	3,975 MT/Month API Capacity
80+ Finished Products	1,10,330 Sq.m Plant Area
1,500+ Employees	~37% Export Revenue
50+ API Molecules	Presence across 100+ countries

Presence Across API, Formulation, Specialty Chemicals, Intermediates Segments

Active Pharmaceuticals Ingredients (API)

- Leading API producer of 50+ molecules for anti-biotics, antiprotozoal, anti-inflammatory, anti-diabetic & anti-fungal, etc.
- Largest manufacturer of 3 molecules in the world
- One of the largest manufacturer of 2 molecules in the world
- 9 manufacturing units
- Contributes ~80% revenues
- Installed capacity of 47,701 MTPA

Formulation

- Diversified into formulation through a wholly owned subsidiary Pinnacle Life Science Pvt. Ltd. in 2014
- Adopted flexible manufacturing approach with combination of in-house manufacturing as well as outsourcing model supported by strong in-house R&D
- Manufacturing plant at Baddi, Himachal Pradesh is WHO – GMP approved
- Installed capacity of 3 billion units tablets and 300 million units capsules

Specialty Chemicals, Intermediates & Others

- 2 manufacturing units; 2 more facilities coming up (currently under greenfield capex)
- Being backward integrated, supply intermediates of anti-biotics, anti-fungal, anti-inflammatory and cardiovascular to the API manufacturers
- Manufacturer of specialty chemicals in Benzene & Chloro-sulphonic chemistry

Segmental Revenue

- API
- Formulation
- Speciality Chemicals
- Intermediates & Others

Therapeutic-wise Revenue

- Anti-biotic
- Anti-protazol
- Anti-inflammatory
- Anti-diabetic
- Anti-fungal
- Others

Focus on growing the contribution from lifestyle & chronic therapeutic areas, reducing share from acute therapies

State-of-the-art Integrated manufacturing facilities

Production	22,495	32,753	34,751
Captive	4,690	7,162	8,164
Net Production	17,805	25,591	26,587

*Import alert under resolution

Note: Maps not to scale. All data, information, and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness.

Reaction Capabilities

- The capacity of **Multi-purpose plant ranges from kilograms to multi tons levels**
- Long term experience of **Multi-step synthesis and fractionations at high temperatures**
- **Total reaction capacity in excess of 1300 KL, consisting of SS and GL reactors across its units, varying from 0.5 KL – 18 KL**

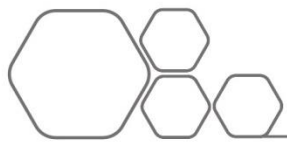

R&D Center at Tarapur

- Supports manufacturing facilities at Tarapur and Sarigam on API process development
- Pilot plant used for kilo scale manufacturing
- Recognized by Department by Science and Industrial Research (DSIR) Government of India
- Frequent visits of Experts and Professors from ICT and Council of Scientific and Industrial Research (CSIR) for guidance for product development

R&D Center at Turbhe, Mumbai

- Supports development of complex generics for in-house formulation business
- Developing complex oral solids for Regulated as well as Emerging markets

- Well supported by in-house project management team to ensure timely implementation of new products on commercial scale
- Developed 30 APIs (new and existing) in last 5 years
- Developing new age Formulation products for Europe, USA, Australia, Brazil, Canada & Chile for Day 1 launches
- Plans to expand R&D capabilities to develop complex Semi solids (creams & ointments) as well as Oral liquids
- Majority of products developed with integrated API provides an end-to-end control

Diversified geographic presence

Presence in **100+ Countries** across **6 Continents** ensures diversification and risk minimization

Top 10 Countries - Exports

Brazil	Mexico
Pakistan	Turkey
UAE	Egypt
Bangladesh	Indonesia
Switzerland	Russia

Market

- Regulated
- Semi-Regulated
- Non-Regulated

Note: Maps not to scale. All data, information, and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness

Environmental

- Converted multiple facilities into to Zero Liquid Discharge (ZLD)
- Dual Fired Boiler in Greenfield Facilities to reduce carbon footprint
- Periodic Forestation
- Waste heat recovery
- Packaging bulk API in paper bags, usage of fibre drums instead of HDPE drums, packing bulk intermediates in jumbo bags (1 MT packing) to reduce excess use of plastic bags
- For efficient utilization of utilities company is using equipment with high end technologies like Agitated Thin Film Dryer (ATFD), Agitated Thin Film Evaporator (ATFE), FBC boilers, membrane type filter press.
- Company is using MEE & MVR for evaporation and has much lesser energy consumption than conventional evaporators.

Social

- **Woman Empowerment:** Free Government approved and certified vocational course training for women to generate employment.
- **Healthcare:** Primary Healthcare Infrastructure Development and Improvement around the manufacturing facilities.
- **Gender Diversity:** ~40% women staff at HO, contributing in various departments such as marketing, finance, procurement. At factory level, women are employed at QC QA, regulatory affairs, etc. departments.
- **Stakeholder Management:** No unfair trade practices events in the last 5 years. stringent product quality control, strict QA and QC dept to ensure that product is at the mark of the quality as per various pharma coperial standards

Governance

- The Board has an optimum combination of Executive and Non-Executive directors and gender diversification
- Risk Management Governance
- Occupational Healthy Policy
- Policies governing related party transactions
- In compliance with all regulatory requirement of the Audit Committee
- Mechanism of periodic reporting to Stakeholders Relationship Committee and Board.
- Regular review and updation of policies in response to the changing requirements
- Vigil Mechanism, Whistleblower and POSH policies

TRIBAL INTEGRATED DEVELOPMENT & EDUCATION TRUST (TIDE) - TIDE has projects in +7,000 villages of 16 states. Donation amounts were used for Assam tribal project by TIDE.

The background features a blurred image of a white mortar and pestle containing various pills, including white capsules and grey tablets. A large, semi-circular blue overlay covers the right side of the image, featuring a pattern of white-outlined hexagons. The text 'Industry Overview' is centered within this blue area.

Industry Overview

World's largest provider of generic medicines; the country's generic drugs account for **20% of global generic drug exports** (in terms of volumes). Indian drugs are exported to **more than 200 countries in the world, with the US as the key market.**

Exports, including bulk drugs, intermediates, drug formulations, biologicals, AYUSH & herbal products and surgical products, reached US \$16.28 billion in FY20. As of October 2020, India exported pharmaceuticals **worth US\$13.87 billion in FY21.**

The biggest export destination for Indian pharma product is the US. In FY20, 32.1% of India's pharma exports were to the North America, followed by 17.96% to Africa and 15.70% to the European Union.

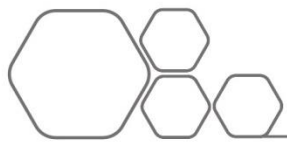

Active Pharmaceutical Ingredient (API) Market

- India is the third largest active pharmaceutical ingredient (API) market in the Asia-Pacific region
- The API industries in India include domestic and in-house consumption as well as exports
- The Indian active pharmaceutical ingredients manufacturing segment can be divided into two sectors such as innovative or branded and generic or unbranded

Market size of Active Pharmaceutical Ingredient (API) industry in India from 2016 to 2019 with estimates until 2024

Experienced management with deep understanding of pharmaceutical sector

Active Pharmaceutical Ingredients (APIs)

- Domestic API consumption is expected to reach US\$ 18.8 billion by FY22
- In Apr'19, Constituted a high-level task force to create a roadmap for increasing domestic production of APIs.
- Currently India imports over 60% of its APIs from other countries.

CRAMS

- Fragmented market with more than 1,000 players
- CRAMS industry has posted 48% CAGR between FY15-18 and expected to witness a strong growth over 25% over 2018-21

Formulations

- Largest exporter of formulations in terms of volume, with 14% market share and 12th in terms of export value.
- Double-digit growth is expected over the next five years.

Biosimilars

- As on Aug'19, the moving annual turnover (MAT) for biosimilar molecules sold in the domestic market stood at Rs 1,498 crore (US\$ 214.31 million). The govt. plans to allocate US\$ 70 million for local players.
- The domestic market is expected to reach US\$ 40 billion by 2030.

Multiple Triggers will lead to high Growth Momentum

Robust Domestic Demand

- Rising domestic population
- Higher Insurance Coverage penetration

Increased Investments

- 100% FDI in the pharmaceutical sector under automatic route

Government Support

- Increased government spending on hospitals and healthcare
- Rs. 15,000 crores Production-Linked Incentive (PLI) Scheme for Enhancing India's Manufacturing Capabilities
- Atmanirbhar Bharat scheme for making India self reliant

Technology

- Artificial intelligence will help the pharmaceutical industry to design new and automated algorithms which will help to achieve faster, precise, accurate, and repeatable results

Innovation and R&D

- Focus to develop new complex generic drugs, supplemented by the New Drugs and Clinical Trial Rules, 2019 and the Atal Innovation Mission.

Cost Advantage

- Quality services at marginal costs compared to US, Europe, and South Asia
- Expertise in low-cost generic patented drugs and a movement towards end-to-end manufacturing

The scheme is aimed towards pushing domestic manufacturing of key starting materials (KSMs), drug intermediates and active pharmaceutical ingredients (APIs) to reduce import dependence on such input materials.

How Sector Will Benefit

- ❑ **Objective:** The objective of the scheme is to enhance India's manufacturing capabilities by increasing investment and production in the sector and contributing to product diversification to high value goods in the pharmaceutical sector. One of the further objectives of the scheme is to create global champions out of India who have the potential to grow in size and scale using cutting edge technology and thereby penetrate the global value chains.
- ❑ **Outlay:** ₹ 15,000 crore worth of incentives for 6 years (for financial years 2020-21 to 2028-29)
- ❑ **Incentives:** The rate of incentive on incremental sales (over base year) of pharmaceutical goods covered under Category 1 & 2 will be 10% for FY 2022-23 to FY 2025-26, 8% for 2026-27 and 6% for 2027-28. The rate of incentive on incremental sales (over base year) of pharmaceutical goods covered under Category-3 will be 5% for FY 2022-23 to FY 2025-26, 4% for 2026-27 and 3% for 2027-28.
- ❑ **Impact:** Total incremental sales worth ₹2.94 trillion and incremental exports of ₹1.96 trillion expected during the six years.

How Aarti Drugs Will Benefit

- ❑ Aarti Speciality Chemicals Limited (ASCL), a wholly-owned subsidiary of the company has received an approval under PLI scheme.
- ❑ Received approval for 2-Methyl-5Nitro-Imidazole (2-MNI) with a committed production capacity of 4,000 MTPA and a committed investment outlay of ~ ₹78 crores under Target Segment III (Key Chemical Synthesis Based KSMs/Drug Intermediates)
- ❑ **Expecting ~ ₹80 crores of incentives over 6 years** through this scheme
- ❑ This will help the company to diversify its product portfolio, increasing the top-line, and enhancing the profitability & margin profile.
- ❑ Backed by a strong balance sheet, and robust free cash flow generation, **the committed capex will be funded mostly through internal accruals**

Aarti 2.0: Sustainable Growth & Long-term Value Creation

Over a decade, API manufacturing has transitioned towards highly regulated, specialized business

How API Manufacturing Has Evolved

Regulations

- ❑ Stringent pharmacopoeia standards
- ❑ Addition of elemental
- ❑ Tightened impurity profiling
- ❑ Rigorous carcinogenicity checks

Cost Structure

Higher capex requirements to adhere to ever rising quality, environmental & regulatory requirements

High R&D costs

Impact

- ❑ **Lower Competitive Intensity:** Various small-scale manufacturers have exited due to unviability of cost structure
- ❑ **High Entry Barriers:** High entry barriers for new entrants due to cost structure and compliance requirements
- ❑ API manufacturing has **evolved from a commodity business into niche, specialized and highly regulated business**
- ❑ Manufacturers have carved a niche for themselves in specific products/ segments within API manufacturing space

Known brand in API space

Reliable in terms of quality and timely deliveries. Honouring commitments in changing market conditions.

Process improvement R&D, cost leadership

Thus, fundamentals right from procurement, production till sales have a strong foundation and sound setup.

Phase-Wise Capex to mitigate debt trap risks

Newer capacities established since last two years will help grow top-line.

Green field projects

Sufficient land parcels in industrial zones in Maharashtra and Gujarat to take care of green field projects in next 3 to 4 years

High entry barriers

- High regulatory standards
- Capex requirements
- Long gestation period
- R&D costs

Specialised player in the highly challenging Pharmaceutical Industry

Industry's Unique Challenges

-  High R&D costs
-  Long gestation period
-  Time consuming approval procedures
-  Demands large variety and small batch size orders
-  Highly complex manufacturing
-  Stringent quality & compliance requirements in developed markets
-  Highly competitive industry

Our Core Competencies

- Demonstrated manufacturing excellence for 3+ decades
- R&D focused, driven by continuous improvement and innovation
- Ability to consistently deliver high quality products on timely basis
- Meeting stringent regulatory & compliance requirements of domestic & international regulators
- Long standing relationships with leading pharmaceutical companies
- Fully integrated facilities – lower outside dependence for sourcing raw materials

Well placed to capitalize on future growth opportunities

Presence across Segments, Geographies, API Therapies & Customers to ensure Growth and Risk Minimization

- API segment contributes ~79% of sales in FY21
- Focus on increasing contribution from Speciality Chemicals, Intermediates & Others, going forward

- Domestic - Export mix at 65%:35% for FY21
- Presence across 100+ countries
- None of the region contributes more than 2/3rd of the revenue with Asia contributing the highest at 58% of total sales

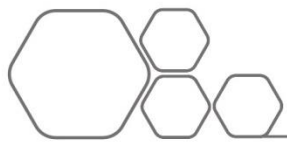

- Top 5 therapies contributes ~77% of sales in FY21
- Anti-biotic products contributes highest at 44% to sales in FY21
- Top 10 products contribute to ~76% to sales in FY21
- Leaders in Domestic market in most of top 10 products

- Domestic: Largest client contributes ~4.3% of domestic sales whereas top 10 clients contribute ~24.5%
- Exports: Largest client contributes ~5.5% of exports sales whereas top 10 clients contribute ~23.2%

Strong cashflows led to robust Balance Sheet giving financial flexibility for Growth

Net operating cashflow increased by CAGR ~30%

Low leverage provides Balance Sheet strength

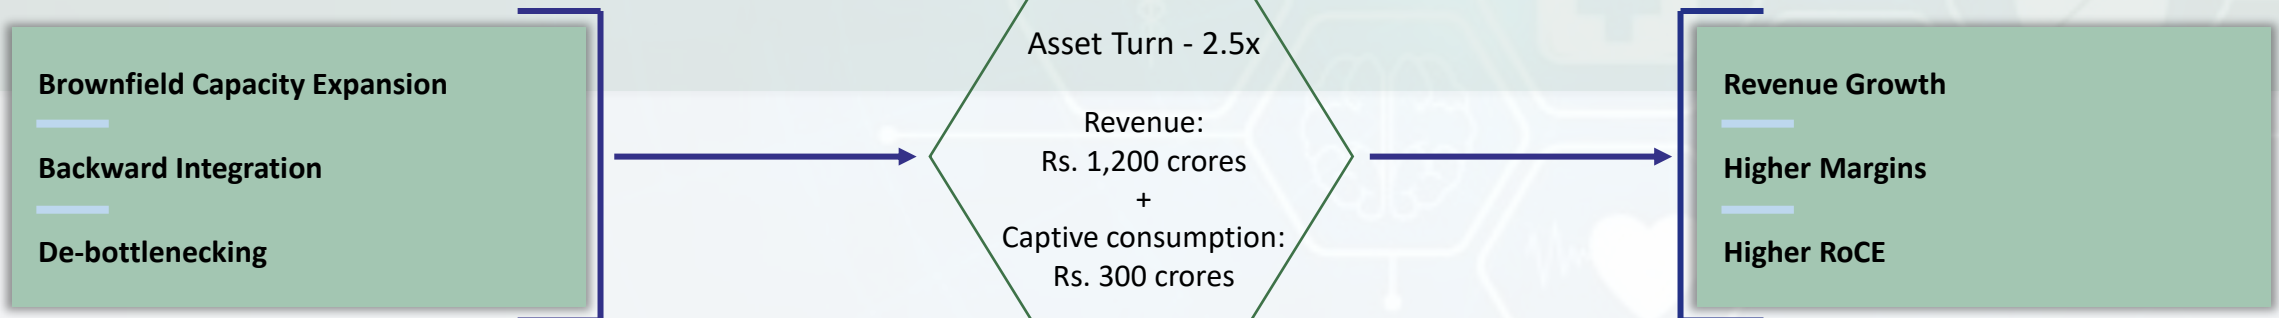

Rs. crores	Mar-21
Net Debt	344.1
Equity	913.4
Total Assets	1,637.0
<hr/>	
Key Ratios	Mar-21
Net Debt/ Equity (x)	0.38x
Net Debt/ Assets (x)	0.21x

Capex of Rs. 600 crores planned

Capex plans

- Phase wise capex will lead to distributed investments
- Majority of the capex to be funded through internal accruals and minimal debt
- Brownfield expansion and debottlenecking of API facilities
- Brownfield expansion at Baddi plant will lead growth for Formulation business
- Backward integration to lead cost synergies

Anti Diabetic

- CEP approval in 2016 which opened up European markets
- Manufacturing over 1,000 TPM making it one of the largest metformin player
- Coming up with 2,000 TPM capacity via brown field expansion in Phase I
- Launch of Gliptins will further strengthen this therapeutic category.

Fluoro-Quinolones

- Further 40% brown field expansion of one antibiotic product

Antiprotozoal

- Further consolidating the position in Indian Market. Existing technology and Chinese JV.
- Incremental expansions and downstream products improvement
- Plans to further backward integrate, apply for PLI scheme.

Vitamins / Anti- Inflammatory

- Multi-purpose facility under construction. Targeting highly regulated markets.
- Brown field expansion of its existing anti inflammatory products commissioned at the end of FY20 which will drive future growth in this therapeutic category
- Installed capacity will give revenues of around Rs. 50 crores / Rs. 35 crores per annum as per product selection – currently on HOLD.
- USFDA re-inspection to be triggered soon.

Cardiovascular Products

- Planning to double the capacity of one of its leading cardiovascular product

Anti - Fungal

- Further consolidation of its worldwide leading position.
- Recently expanded the capacity, further extending the lead.

Speciality Chemicals

- Incremental expansion of our multipurpose chloro-sulphonation line in existing block
- Greenfield expansion in near future

R&D Product Pipeline

- Strong pipeline of products under R&D for future growth
- Contract manufacturing of specialty chemicals and intermediates

Formulations

- Started with commercial operations in Latin America, selective African markets. Doing new registrations in export markets and government tenders
- Toll manufacturing of formulations. About 330 filings across 16 geographies. Foreign subsidiary to tap opportunities

Tie-ups

- Tied up with European distributor on profit sharing basis. Market authorisation of UK market for finished products of 2 molecules obtained and launched in FY19. 1 more in pipeline
- Partnered with USA company on formulation revenues wherein we would be supplying API at cost.

Growth Drivers

Expansion

Increased product offering to existing customers

New customer acquisition in domestic and exports markets for API and Formulation Segment

Addition of skincare therapy for API segment

Capex

Brownfield expansion for existing products at various facilities to scale-up the capacity

Brownfield expansion for the new product line in API segment

Sustainable Growth

Long Term Value

Value Creation Drivers

Backward Integration

Backward integration for the API and Formulation segments to drive cost synergies

Robust expansion in margins and return ratios is expected through backward integration over next 5 years

Prudent Capital Allocation

Planned capex predominantly to be funded through internal accruals and minimal debt

Maintain Optimal leverage

Healthy Asset Turnover and Working Capital Cycle

**Full ramp-up of existing capacity and New Capacity post Rs. 600 crores capex
Revenue potential: Rs. 4,200 – 4,500 crores with higher margin profile in next 5-6 years**

As of 30-Jun-21
